The University of Chicago

Re: Ms Yumi H (Order ID: C-UCHICAXX, APP-103463-20223003)

Dear Sir or Madam:

I am writing to you to recommend one of our students, Ms. Yumi H, as a candidate for college at the University of Chicago. I am writing this letter both as an alumnus of the University of Chicago where I obtained my Ph.D in political science in 1995 and as the honorary principal of the Veritas Collegiate Academy (VCA), one of top high schools in the United States with branches in China.

Yumi is one of the brightest students at the VCA not only because of her academic excellence but also because of her character and curiosity. Academically, she has received numerous distinctions and honors for her achievements. She has also taken six AP courses: Micro Economics, Statistics, Computer Science, Macro Economics, Psychology, and Calculus. A natural team leader and team player, she has worked very well with everyone. Born and grew up in a family of fine traditions, she has also been very much into handicraft. One of her family's cultural heritage is tiger head shoes. She started her own club of tiger head shoes at school and has shared her skills with other students.

Moreover, Yumi is interested in learning not so much for grades but to find out about the real world. In one of my interviews with her, she told me that she enjoys the process of learning as much as the outcome of learning. She is fully prepared to master all the knowledge that is available out there but also wants to go further. She has the ambition of becoming an independent scholar in the future and would like to make her own contributions to scholarship as such.

The University of Chicago, the best university in the world in terms of knowledge and thought production, is, in my view, a great leader in producing future leaders of the world in various fields. I highly recommend the University of Chicago to Ms. Yumi H. From my personal experience, I know this is a tough university but a great university whose education will benefit anyone with life-time rewards.

I also highly recommend to the University of Chicago Ms. Yumi H, an ambitious student who promises to make a difference in the world with her curiosity and team work spirit. I saw a great match between the University of Chicago and Yumi H.

Please let me know if you need any further information.

Your consideration is greatly appreciated.

Sincerely yours,

Veritas Collegiate Academy Hosting

About Hosting at Veritas

Dear international families, we are excited to have your children be a part of our family at Veritas! We work hard to give them a wonderful experience.

This guide is designed to introduce you to some of our wonderful host families.

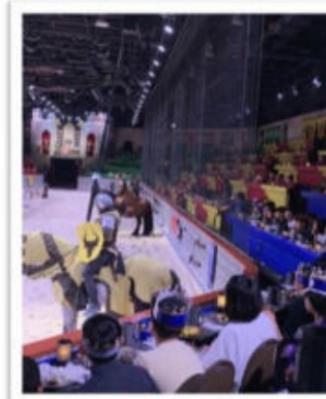

All of our host families are background checked to make sure that your children are safe. We do regular checks on the homes to make sure that everything is comfortable and acceptable. We speak to both host parents and students often to make sure that everyone is well cared for.

All host families provide a loving and safe home, a good room, a work space, great meals and transportation. This is explained more in our International Student Handbook.

Guidelines for Hosting

Veritas Collegiate Academy is ultimately responsible to you and to the U.S. Government for the safe keeping of your children. In order to ensure that we can do this well we have some basic hosting guidelines for all international families:

1. ALL hosting arrangements **MUST** be made through the school.
2. We are happy to take hosting requests but cannot guarantee that your child will be placed in a particular home. We will do our best!
3. We have many international students that we need to place into good homes and we work hard to find a great fit for each student.
4. Please do not hesitate to contact us if any need should arise. We are always here to help!
